Lipofit

ADAPTIVE BODY SCULPTING IN&OUT

TAILORED PROFESSIONAL PROTOCOL

EVERY BODY IS DIFFERENT. LIPOFIT IS TAILORED TO MEET EVERY AESTHETIC NEED.

- PROFESSIONAL DERMOCOSMETICS
- TARGETED NUTRICOSMETICS
- ADAPTIVE ACTION

ADAPTIVE BODY CONTOURIN

Professional body treatment line designed to adapt to each person's specific needs.

Lipofit is intelligent body remodeling, achieved with a single treatment session and designed for today's context of stress, hormonal imbalances, silent microinflammation, the yo-yo effect (often associated with medical weight-loss treatments), and other factors that cause changes in tissue quality and structure.

Wiyh *Lipofit* and thanks to its biotechnological active ingredients, such as firming biopeptides, organic silicon, and the Modelift complex, we restore firmness, density, and elasticity to weakened

IN&OUT CONCEPT

The range is complemented by treatment-specific nutraceuticals, offering a holistic approach to aesthetic concerns and maximizing the efficacy and long-lasting results of body treatments by working from the inside out and the outside in.

IN&OUT

WE WORK FROM THE OUTSIDE AND FROM THE INSIDE

Because cellulite, loss of firmness, fluid retention, and localized fat accumulation require a holistic approach.

Lipofit allows us to work on:

- ✓ MANUALLY
- ✓ USING DEVICES
- ✓ USING LYMPHATIC DRAINAGE TECHNIQUES
- ✓ USING WOOD THERAPY
- ✓ USING PRESSOTHERAPY

A COMPREHENSIVE APPROACH THAT COMBINES:

- PROFESSIONAL DERMOCOSMETICS
- TARGETED NUTRICOSMETICS
- CUSTOM PROTOCOLS
- MANUAL TECHNIQUES AND EQUIPMENT-BASED TREATMENTS
- PROGRESS FOLLOW-UP

PROFESSIONAL PROGRAMS MENU *Lipofit*

Tegoder Cosmetics offers two **IN & OUT LIPOFIT** programs consisting of 6 sessions each, designed to meet the real needs of clients.

LIPOFIT D-TOX REDUCE

Lipolytic and Detoxifying Intensive Phase (4 sessions)

Body Contouring and Toning Phase (2 sessions)

Recommended for treating different types of cellulite, stubborn fat, fluid retention, and the effects associated with inflammaging and menopause.

LIPOFIT SCULPTURE 360°

Detoxification and Activation Phase (4 sessions)

Intensive Recovery Phase (2 sessions)

*Indicated for treating skin laxity, stretch marks, postpartum changes, and the negative effects on tissues caused by menopause or medical weight-loss treatments (such as Ozempic).

EXPRESS VERSION (10 DAYS)

For those with limited time for complete treatment programs, special events, or an immediate need for results, LIPOFIT offers two express solutions: D-tox Reduce Express and Sculpture 360° Express. Combined with Bioespaña supplements and retail products, these programs work synergistically to help clients achieve visibly improved skin quality in just 10 days.

Lipofit PRODUCT LINE FOR PROFESSIONAL IN-CLINIC TREATMENTS

EXFOLIATING BODY FOAM 200 ml
Dermo-exfoliating body foam (pre-treatment) with a lightweight texture and easy application. An essential first step in all Lipofit body treatment protocols.
Active ingredients: proteolytic ferment, lactobionic acid and lactic acid, detox phytocomplex based on ginger, horse chestnut, and artichoke, hyaluronic acid, and sodium lactate.

LIPO CONCENTRATE 300 ml
Professional body concentrate with intensive action, featuring an advanced formula rich in active ingredients with draining, detoxifying, anti-cellulite, and slimming properties.
Active ingredients: detox phytocomplex based on ginger, horse chestnut, and artichoke; Modelift complex; Lipoglaucin Advanced complex; and caffeine.

FIT CONCENTRATE 300 ml
Professional body concentrate with intensive action that combines, within its advanced formulation, active ingredients with firming, tightening, and anti-stretch mark properties.
Active ingredients: firming biopeptides, Centella asiatica plant stem cells, organic silicon, and hyaluronic acid.

LIPO MASSAGE OIL 1 l
Professional body massage oil with a warming effect (thermogenic action), formulated with active ingredients that provide anti-cellulite, slimming, draining, and detoxifying benefits.
Active ingredients: thermal activator, detox phytocomplex based on ginger, horse chestnut, and artichoke; bitter orange; turmeric; and essential oils of cinnamon, eucalyptus, ginger, and mint.

BODY WRAP 300 ml
Professional body wrap with global action, specially designed as the final step of Lipofit body treatments, as well as a detox wrap at the beginning of the protocol. Its advanced formula contains active ingredients with draining, anti-cellulite, slimming, and firming properties.
Active ingredients: detox phytocomplex based on ginger, horse chestnut, and artichoke; Modelift complex; Lipoglaucin Advanced complex; firming biopeptides; bitter orange; and caffeine.

LIPOFIT PRODUCTS FOR AT-HOME CONTINUATION

FIT CREAM 200 ml
Intensive-action body cream for home use, designed to be applied twice daily, morning and evening. Its advanced formula contains active ingredients that help firm and improve skin elasticity, while preventing and reducing the appearance of stretch marks. It works on overall skin quality, promoting regeneration and visibly improving the skin's appearance and texture.
Active ingredients: firming biopeptides, Centella asiatica plant stem cells, organic silicon, hyaluronic acid, and rosehip oil.

LIPO CREAM 200 ml
Intensive-action body cream for home use, designed to be applied twice daily, morning and evening. Its advanced formula is rich in draining, lipolytic, and slimming active ingredients, targeted at reducing the appearance of cellulite while improving body contour and silhouette. It also helps leave the skin feeling soft and smooth.
Active ingredients: detox phytocomplex based on ginger, horse chestnut, and artichoke; Modelift complex; Lipoglaucin Advanced complex; bitter orange; and caffeine.
